Emily Maschal '21

trao

in Vietnamese means to give, to exchange, to pass on.

skillsharing

is the exchange of knowledge and skills on a specific topic or an area of interest among individuals.

It is an activity through which a community can be formed, creativity sparked, and social inclusivity fostered.

Mission: to alleviate social isolation and connect community by fostering cross-generational exchange of knowledge and creative practices through skillsharing workshops.

older adults   working moms   migrant workers   college students

FOUNDING CONTEXT

*"What we don't have are all **inclusive spaces** where people can **gather regardless of their income.** That's extremely important if we want to create a true **sense of community**. In order to **interact with people from all different brackets, backgrounds and places**, we need to have **activities that are accessible**."* – Krista Speroni
